Speaker:	Dr Que Bon We Manuel (Specialist in Urology)

**Online Revision:** [www.night-toilet.com.hk/chi/education.html](http://www.night-toilet.com.hk/chi/education.html)

It was the honour to have the presence of Dr. Que Bon We Manuel, a specialist in Urology, in the talk comprehensively presenting the different aspects of nocturia including the prevalence, causes, impacts, treatment and preventive measures of Nocturia in a lively way, which had drawn the attention of lots of the participants throughout the talk. In Q&A session, different urological problems were also raised by the audience and answered patiently by Dr. Que. Most participants enjoyed such fruitful evening with having learnt much more about the problem of Nocturia.
